WHAT IS RAPID RESPONSE?
Rapid Response is a service that we offer to businesses and workers affected by cutbacks and site closings. We provide early job placement assistance and other service resources.

SHARED WORK
Our regional teams help protect your workers during temporary business downturns through the Shared Work Program. Shared Work gives an alternative to laying off your employees. It lets you keep trained workers with key skill sets. Under this program, your business can:

- Reduce the number of normal work hours for a particular unit, shift, or all staff
- Include full- and part-time employees in the plan
- Apply for a plan with a minimum of two employees
- Agree to continue fringe benefit levels, unless you must reduce them for your entire work force
- Supplement lost pay with partial Unemployment Insurance (UI) benefits (up to 26 weeks)
- Require that the Shared Work participant remain available to work for you as in their normal work schedule

NEW YORK STATE WARN ACT
After a business has tried every option to minimize layoffs, our team can provide custom job placement service before layoffs occur while frequently partnering with organized labor (when attached) and hired outplacement firms. We also introduce job seekers to the Career Center system.

Businesses in New York State that employ more than 50 workers from a single employment site. They must send the notice to employees, their representatives, the State Labor Department and local workforce investment partners.

BENEFITS TO YOUR BUSINESS
Businesses have lower Unemployment Insurance costs, as people return to work quicker when they start services prior to layoff. It maintains morale and productivity, as Rapid Response shows your business has a high regard for the employees in transition.
