INTRASTATE AND INTERSTATE CLEARANCE ORDER

The employer agrees to provide to workers referred through the clearance system the number of hours of work per week cited in Item 10 of the clearance order for the week beginning with the anticipated date of need, unless the employer has amended the date of need at least 10 working days prior to the original date of need by so notifying the Order-Holding Office (OHO). If the employer fails to notify the OHO at least 10 working days prior to the original date of need, the employer shall pay eligible workers referred through the intrastate/interstate clearance system the specified hourly rate or pay, or in the absence of a specified hourly rate or pay, the higher of the Federal or State minimum wage rate for the first week starting with the original anticipated date of need. The employer may require workers to perform alternative work if the guarantee is invoked and if such alternative work is stated on the job order.

The employer agrees that no extension of employment beyond the period of employment shown on the job order will relieve the employer from paying the wages already earned, or specified in the job order as a term of employment, providing transportation or paying transportation expenses to the worker's home.

The employer assures that all working conditions comply with applicable Federal and State minimum wage, child labor, social security, health and safety, farm labor contractor registration and other employment-related laws.

The employer agrees to expeditiously notify the OHO or State agency by telephone immediately upon learning that a crop is maturing earlier or later, or that weather conditions, over recruitment, or other factors have changed the terms and conditions of employment.

The employer, if acting as a farm labor contractor, has a valid farm labor contractor registration certificate.

The employer assures the availability of no cost or public housing which meets applicable Federal and State standards and which is sufficient to house the specified number of workers requested through the clearance system.

The employer also assures that outreach workers shall have reasonable access to the workers in the conduct of outreach activities pursuant to 20 CFR 653.107.

Employer assures that if a change in the AEW requires an increase such increase will be paid as of the effective date of the increase. Also if the AEW is decreased this will become the wage effective of the date of the decrease.

- On or before each payday the employer will provide to each worker in one or more written statements the following information: (1) the workers total earnings for the pay period; (2) the workers hourly rate and/or piece rate of pay; (3) the hours of employment offered to the worker (showing offers in accordance with the ¾'s guarantee as determined in paragraph (i) of the regulations at 20 CFR sec. 655.122(k), separate from any hours offered over and above the guarantee); (4) the hours actually worked by the worker; (5) an itemization of all deductions made from the worker's wages; (6) If piece rates are used, the units produced daily; (7) beginning and ending dates of the pay period; (8) the employer's name, address, and FEIN.

- a. Employer will provide or pay the cost of return transportation and subsistence to each worker who completes the employment period, or who is terminated for medical reasons, or as the result of fire, weather or an Act of God (as determined by the Certifying Officer), from place of employment to place of recruitment, except if the worker prefers not to return to his place of recruitment and has subsequent employment with an employer – see Item 16 (c) above. The employer assures that workers hired under this order who will be handling pesticides will be provided appropriate training.
5. The employer will provide to an H-2A worker no later than the time at which the worker applies for the visa, or to a worker in corresponding employment no later than on the day work commences, a copy of the work contract between the employer and the workers in a language understood by the worker
